

Construction Notice

Dear Occupier

Project: Victor Harbor Oval Carpark Upgrade

Civil Tech P/L has been engaged by the City of Victor Harbor to carry out the upgrade of the two oval carparks. Works will commence onsite from early December, with carparking restrictions commencing from Wednesday 11/12/19. It is envisaged that the works will be completed by the end of March 2019.

The works include the upgrading of the two carparks to an asphalt surface and the provision in 71 new parks on the oval side, and 33 on the southern side. The works will also include new footpaths, lighting and minor landscaping works.

Our project manager **Matt Wittwer** will contact you over the next couple of days to discuss your access needs during the construction period. Once consultation is complete, Civil Tech will provide you with a staging plan, showing temporary pedestrian and delivery access routes, closure areas and options for parking during the works.

If you have any further queries please contact one of the following:
