

VICTOR HARBOR MAINSTREET PRECINCT UPGRADE

STAGE FOUR: OCEAN ST & ALBERT PL

Transforming Our Mainstreet

The Victor Harbor Mainstreet Precinct Upgrade will see the heart of Victor Harbor's Town Centre transformed into a vibrant public space that celebrates the town's character, encourages more activity and improves links with other areas of the Town Centre.

The Mainstreet Precinct Upgrade is being rolled out in stages over a number of years. Following the completion of stages one to three, construction works for Stage Four have now commenced.

About Stage Four

Stage Four of the Victor Harbor Mainstreet Precinct Upgrade will see the revitalisation of the southern end of Ocean Street and Albert Place in Victor Harbor's town centre.

The Council has engaged South Australian company, Outside Ideas to deliver the project.

Stage Four will continue similar streetscape improvements as previous stages and focus on improved pedestrian usability, street greening and enhancing the overall appearance to create a cosmopolitan space for locals and visitors.

The design incorporates wider footpaths, increased alfresco dining opportunities, public seating, public art, along with more street trees and garden beds.

The works also include the replacement of the stormwater outlet on the foreshore near The Esplanade Car Park, as well as maintenance work on the paving at the intersection of Ocean Street and Coral Street.

Early service relocation works have just started, with full construction scheduled to start in mid-June 2022.

Stage Four of the Mainstreet Precinct Upgrade has been co-funded by the Government of South Australia's Infrastructure Partnership Program.

Closure: **27 June to mid-November 2022**

No parking in work zones

No vehicle traffic in work zones
(with the exception of some delivery vehicles)

Car Parking

There will be some impact on car parking within the work zones. Alternate customer / public car parking is marked on the map (right). The Council is also providing 15-minute car parks within Railway Terrace to allow for pick-ups and drop-offs.

Accessing the Mainstreet

Pedestrian access will be maintained at all times.

To ensure your safety around the construction zone, it is important to be aware of the signage and detours in place (for both pedestrians and motorists).

Road Closure Timeline
