

The green flamingo

26.6.23

Florence

Once upon a time there lived a flock of pink flamingos. but one was not pink she was green. Her name was Marly. Marly was as green as a frog. She lived in a jungle with big palm trees and fluffy white clouds. Early in the morning she could smell the sweet pollen. She loved swaying in the water where she could feel the fish wiggling at her feet. In the evening she heard the leaves rustling. Marly was thinking about a snack when she heard the other flamingos talking about her. She got really angry. Marly walked up to the others said that she didn't care that she was green and walked

away. She was sick of being bullied. That night she was planning to run away! So Marly quietly tiptoed through the river. She had been walking for about 6 hours, when she came to a tree. She decided to sleep there for the night. She woke up to a strange noise. A deep voice was talking to her. "I know you are special, stay here!" Marly realised she didn't need everyone to like her. This was her happy place.

Laszlo's Story

The Dragon and the Knight

Once upon a time there was a knight and a dragon. The knight's name was Fire and the dragon's name was Fierce. Fierce wanted to capture a princess. In ten days he found his first princess to capture. Fire wanted to rescue the princess, to give back to the king. So Fire did just that. He went along and got himself some armour and tools to fight Fierce. He got some food so he could himself in case he got hungry, and also some water so he could avoid the dragon's fiery breath. He went to go find the dragon, but Fierce was gearing up and preparing as well, like he knew that this was coming. When Fire got to Fierce's cave, they went outside and had a fight. There was some tinging and tonging as the teeth and the sword banged each other. Fierce's teeth banged so hard that Fire's sword went flying through the air. It chopped off one of Fierce's teeth and returned to Fire's hand. Fierce spat out a ton of fire for miles and miles, in a ring around Fire. Fire uses his bow and arrow on Fierce and knocks out another tooth. Fierce and Fire came up close and had a foot and sword fight. After ten days, they finally stopped. Fire came to the dragon's lair and Fierce said "Oh hi" and Fire said hi back. Then they were friends and they were in peace. They liked to hang out and play together. Until one day, they went out to play together and Fire left Fierce playing by himself while Fire went to go get the princess and return her to the king, so the princess would be with her family and also so she could get presents for her birthday, and not be miserable because she had no money and couldn't get anything. She could have her money back and also her phone, at Fierce's lair she had nothing. Everyone in the town was happy that the princess was returned. Fierce was left alone and miserable. Fire got a one hundred dollar reward for returning the princess. Fire went back to visit Fierce again and Fierce said "Why did you take the princess from me? She was my only person."

Fire said, "The King really wanted her back and would pay anyone who got her back. I got her back after thirty days."

Fierce said, "But she was the only person I had!"

Fire said, "You have me now."

And they lived happily ever after.
