7. RECURRING REPORTS

7.1 Country SA Primary Health Network

The Public Health Network continues to follow Health Guidelines and staff are still working remotely where possible. The offices in the City and Nuriootpa have limited staff attending. Due to the current outbreaks in New South Wales and Victoria, Brenton impressed the importance of remaining vigilant.

The Laneway Youth Project has been delayed because of COVID-19, Country SA PHN have been maintaining contact with Brad Butler who is heading this project. Brenton will have discussions in regards to rolling this project over to 2020/21.

All other projects and services are continuing, with a variety of delivery methods such as telehealth, online and some face to face services now resuming. A positive outcome of COVID-19 has been an increase in the use of telehealth services and expansion of these through General Practice.

FRCS432020  Moved:  Cr Leon Zarins
Seconded:  Julianne Rilsone

That the update report on key priority areas for the Country SA Public Health Network, including information on services and activities in the Fleurieu region be received.

6.1 South Coast District Hospital Update Dr Jason Bament

Committee: Fleurieu Region Community Services Advisory Committee
Meeting Held: 11/08/2020
From: Leann Symonds

RECOMMENDATION

That the Fleurieu Region Community Services Advisory Committee receive the information report on the South Coast Hospital Emergency Department.

INFORMATION

Purpose

The purpose of this report is to inform the Committee of updates and information about the South Coast Hospital Emergency Department.

Background

At the June 2017 meeting of the Fleurieu Region Community Services Committee concerns were raised about after hours in-patient mental health services at the South Coast District Hospital. Concerns raised at the time were about patients requiring specialist mental health care being transferred to Noarlunga Hospital, with this restricting the availability of ambulances for other services. Lack of security for staff in the emergency department was also identified as an issue. Dr Jason Bament, Clinical Director of the South Coast Emergency Department attended the June 2018 meeting to update members on the development of services at South Coast District Hospital and discuss the issues raised by community members.

Commentary

Dr Bament will be in attendance to provide information and discuss the current situation regarding services at the South Coast District Hospital Emergency Service.

RISK ASSESSMENT

The following risks have been assessed in line with Council’s Risk Management Framework and Policy.

Information – No risks have been assessed in relation to the report as it has been provided for information only and no formal decision of Council is required.

6.2 Southern Fleurieu and Kangaroo Island STARCLUB Field Officer Program Report

Committee: Fleurieu Region Community Services Advisory Committee
Meeting Held: 11/08/2020
From: Jeremy Bell

RECOMMENDATION

That the Fleurieu Region Community Services Advisory Committee receive the Southern Fleurieu and Kangaroo Island STARCLUB Field Officer Program report.

INFORMATION

Purpose

The purpose of this report is to update the Fleurieu Region Community Services Advisory Committee on the activities and evaluation of the STARCLUB Field Officer Program.

Background

The Office for Recreation, Sport and Racing requires that funded organisations undertake an annual evaluation of the STARCLUB Field Officer (SFO) Program. Attached is a copy of the 2019/20 Funding Obligations Report for the Southern Fleurieu and Kangaroo Island Star Club Field Office Program for the period as provided to the Office for Recreation, Sport and Racing.

Jeremy Bell, STARCLUB Field Officer for the Southern Fleurieu and Kangaroo Island will be in attendance to discuss the reports and answer questions from members.

Commentary

The report at Attachment A provides:

- A summary of the key outcomes of the SFO Program in the region.
- Strategies used to identify, attract and support club volunteers to meet specific club development needs.
- How officers have worked with clubs/associations to achieve STARCLUB status (Levels 1 to 4).
- Key findings/trends obtained during SFO Program consultations.
- An outline any challenges/barriers identified in the region and how these were overcome.
- Services provided to each partner council, and any challenges of working across the region.
- Partnerships with other government and non-government programs to support club development.
Achievements against your Operational Plan and SFO Strategic Plan.
Things learned over the last year and what could be done differently moving forward.

A reference group made up of nominees from partner councils and the Office for Recreation, Sport and Racing supports the SFO in the operation of the program.

The program has delivered a range of supports to local sporting clubs and associations, as well as supporting councils on a range of sport and recreation matters.

RISK ASSESSMENT

Information – No risks have been assessed in relation to the report as it has been provided for information only and no formal decision of the Committee is required.

STARCLUB Field Officer Program
2019/20 SRDIP Funding Obligation

INSTRUCTIONS FOR USE:
• Upload the completed report to SmartyGrants

GRANTEE: City of Victor Harbor
PROJECT: Fleurieu Kangaroo Island STARCLUB Region – Jeremy Bell

Funding Obligation:
As per your grant agreement, you are required to provide a written report covering the elements listed below.
The completed document is to be uploaded in this form.

• A summary of the key outcomes of the SFO Program in the region.
• Strategies used to identify, attract and support club volunteers to meet specific club development needs.
• How you have worked with clubs/associations to achieve STARCLUB status (level 1 to 4).
• Key findings/territory obtained during STARCLUB consultations.
• Outline any challenges/barriers identified in the region and how these were overcome.
• Services you provided to each partner council, and any challenges of working across the region.
• Strategies implemented to encourage sport and recreation organisations to access Play by the Rules Training.
• Partnerships with other government and non-government programs to support club development.
• Achievements against your Operational Plan and SFO Strategic Plan.
• Three key things you've learned over the last year and what you would do differently moving forward.

A summary of the key outcomes of the SFO Program in the region.

In 2019-20 the STARCLUB Field Officer Program continued to work with sporting clubs, associations, Councils and Schools across the Fleurieu and Kangaroo Island Region. Key outcomes for the financial year include:

- Delivering and facilitating training opportunities for clubs and associations. New training partnerships fostered with Sports Community and Sports SA – 12 training sessions/workshops delivered.
- Facilitating the Working Group to progress planning for a Regional Level Sport and Recreation Precinct in Victor Harbor – Encounter Bay Future, Recreation Sport and Infrastructure Working Group.
- Successfully applied for funding through the Office for Recreation and Sport's Planning and Research Program for $25,000 to go towards a Feasibility Study and Preliminary Design Report for a Regional Sport and Recreation Precinct. SFO managed grant and project development with support from CVH Manager.
- Supported the Office for Recreation Sport and Racing's response to bushfires on Kangaroo Island including supporting clubs to access funding for rebuilding through Bushfire Recovery Grant Program.
- Two clubs have achieved "Recognised STARCLUB" status in 2019/20.
- SFO coordinated an opening event for new Goolwa Pump Track (Oct 2019) and delivered 3x skate park activation workshops across Alexandrina Council skate parks (Jan/Feb 2020).
- SFO a member of the Yankalilla Tracks and Trails Project Strategic Reference Group. This project will identify a number of priority trails for detailed design and funding in 2020/21 as well as developing an Action Plan for the District Council of Yankalilla.
- SFO acted as facilitator for the Victor Harbor Oval Planning Group. A working group established by the City of Victor Harbor to coordinate planning of the Victor Harbor Oval with input from all clubs and stakeholders.
- SFO submitted a grant application to State Bicycle Fund 2021 to implement components of Victor Harbor Bicycle Strategy.
- Progression of Southern Fleurieu/Victor Harbor Mountain Biking opportunities – presentations to CVH Elected Members and allocation for preparation of mountain bike strategy in 2020/21 draft budget.
Strategies used to identify, attract and support club volunteers to meet specific club development needs.
- Regular meetings either, face to face, via phone or email with clubs.
- Supported clubs to apply for funding programs via grant feedback, letters of support etc.
- Delivered training and development courses that meet needs of clubs in region based on feedback from clubs.
- SFO attends all training and development courses delivered in the region and seeks feedback at end of each session.
- Ongoing promotion of the STARCLUB Club Development Program, online tool and resources including V-STAR resources.
- Promotion of Volunteer week and City of Victor Harbor Community Grants for sporting clubs to hold volunteer recognition functions.

How you have worked with clubs/associations to achieve STARCLUB status (level 1 to 4).
- Face to face meetings to address STARCLUB criteria
- Email correspondence to clubs and associations regarding STARCLUB program, including templates, information and resources to meet specific aspects of program.
- Hard copies of information/documents/templates provided when required.
- Referral onto ORSR staff and SSO staff expertise when required e.g. Governance, Child Safe Environments e.g. Port Elliot Netball Club, Goolwa Aquatic Club
- Sharing success stories and examples to show how clubs can meet relevant question/area of focus.
- Media through Victor Harbor Times
- SFO has built a strong network within the Fleurieu/KI community, through partner councils, state sporting organisations and local clubs and associations.

Key findings/trend obtained during STARCLUB consultations.
Key finding from 2019/20 consultations include:
- Clubs initially could not provide all the evidence required to meet STARCLUB recognition e.g. written strategic plan, written volunteer management policy, risk management policy. SFO required to follow up multiple times with additional documentation.
- Clubs that are affiliated with a state or regional body were much better prepared than those that were not, and utilised the SSO’s/NSO’s governance structures and policies to meet criteria.
- Clubs were coping operationally (under control) and had a clear strategic focus to improve the club and meet their goals.
- Sourcing grant funding for facility development and maintenance is a priority for clubs. Facility use agreements and processes a high priority for swimming club (Great Southern). Facility improvement (Port Elliot Cricket Club) high on the agenda, actively applying for funding for surface and lighting improvements.
- Club suggested that it has been difficult to find and retain volunteers (high turn-over), but also how important and valued they to move club in the right direction (swimming club).
- Some frustration as SSO process for management of membership and event registration (swimming) as new systems and platforms introduced for clubs.
- Club committee and volunteers generally well aware of their shared responsibility with regard to child safe environments – still a high priority for clubs.

Outline any challenges/barriers identified in the region and how these were overcome.
As in previous years, there have been similar challenges and barriers with the role, however, new challenges have arisen for community across the Fleurieu and Kangaroo Island (and wider SA) in particular the catastrophic bushfires on Kangaroo Island and COVID 19 severely impacting sporting clubs, associations and their volunteers.
- COVID-19 – and the sporting community disruption and workforce disruption (job loss, working from home) this has caused. The use of technology, clear communication from peak bodies and government working together has been very important part of overcoming this challenge.

- Bushfires on KI. Huge community impact beyond sporting facilities being damaged. SFO Supported ORSR taskforce and KI Commissioner with regards to sporting club assistance and volunteer assistance. Roll out of bushfire specific grant programs for sporting clubs. SFO assisted clubs in applying. 2x visits to KI in January and February 2020 and meeting with key clubs and committees, along with planning day for Western Districts Sporting Club.

- Large geographic region with diverse range of sporting clubs. The SFO travelled regularly to all parts of the region to maintain communication and engagement with clubs and local partners. The SFO is provided with a vehicle and budget to cover accommodation and costs associated with servicing the region.

- Managing burnout or "volunteer fatigue" within clubs. SFO has focussed on working with clubs that want to engage and move forward in the club development space. COVID-19 impact on club volunteers – many clubs (particularly netball) choosing to not start up again in part due to volunteer workload and responsibility.

- Club’s difficulty in managing limited resources and shrinking volunteer base (in many cases) i.e. multiple areas and aspects to navigate in the club development space, and, club management in general. This highlights the importance of a role such as the SFO in regional areas to assist clubs in navigating the right and appropriate support.

- Club legacy, versus, a changing community demand in the way sport is participated in. Clubs are needing to change the way in which they engage members, volunteers and participants. Often initiated by State Sporting Bodies – new programs rely on a local clubs flexibility and volunteer resourcing to deliver new services and participation models. E.g. Cricket Blast, Red Ball/Orange Ball Matchplay in tennis, modified rules, social sport etc. A challenge still exists for the SFO’s in this space when clubs are resistant to new ideas and formats but are needing to meet community demand and changing sport/physical activity participation landscape. Sports Community Webinar delivered on 28/6 to consider increasing club participation through social sport. The workshops held in June 2020 have reaffirmed this ongoing challenge for clubs to adapt and complement the traditional delivery of sport and recreation with accessible, fun and inclusive social play opportunities.

- Balancing SFO position between Council representative and club advocate. SFO has a role in bringing clubs and local Council closer together and onto the same page on a variety of sport and recreation projects, particularly relating to sporting facilities development and planning. Clear communication to clubs on Council positions is required and vice versa.

* Services you provided to each partner council, and any challenges of working across the region.

Services provided and on a day to day basis to ALL partner Councils (as in previous years) included:

- The continued implementation of the 2018-2021 strategic plan for STAR CLUB Field Officer Program in the Southern Fleurieu and Kangaroo Island and development of yearly operation plan. The Operational Plan highlighted Council specific projects/programs.

- Promotion and support of clubs/associations registered and planning to register with the STARCLUB Development Program

- Meeting with registered clubs/associations to ascertain support required and any relevant club issues, challenges and/or successes

- Facilitation of local training opportunities for sporting club/association volunteers, coaches and officials relating to the STARCLUB Development Program (including Child Safe Officer Courses, Essentials for Coaching Children, Volunteer Management, Committee Member Induction, Governance and strategic planning for Clubs, Responsible Service of Alcohol, Sponsorship and Marketing, Grant Funding etc.) to assist clubs in achieving Star Club status.

- Identifying and promoting sport and recreation funding opportunities to local sporting clubs and associations and assisting in preparing and reviewing draft applications where possible.

- Coordinating a number of communication methods with local sport and recreation clubs/associations/organisations including local networking and information sharing opportunities e.g. social networking website, club/association database/mailing list, facilitating club/association information nights.

- Working with the ORSR and partner councils to contribute to the review of the 2015 - 2018 STARCLUB Field Officer Strategic Plan and ensure that it reflects and aligns with Council Strategic plans and is relevant to the
current and future landscape of sport and recreation in regional areas. Implementation of the 2018-2021 STARCLUB Field Officer Strategic Plan.

In the Southern Fleurieu and Kangaroo Island, the level and type of activity in each council again reflected the levels of partner contributions. Alexandrina Council and the City of Victor Harbor received greater levels of service reflecting their higher funding contributions. In Alexandrina Council and City of Victor Harbor the SFO offered the following:

- Work with councils to support increased community utilisation of sport and recreation assets in the community.
- Supported the development and sustainable management of identified community sporting hubs (Encounter Bay Recreation Land, Goolwa Oval Precinct, Victor Harbor Football Club & RSL Development, Encounter Bay Football Club Development). Tasks included; drafting community Letters of Support, reviewing grant applications, participating in internal working groups, presenting projects to Council workshops, meetings of Elected Members, liaising and consulting with sporting clubs etc.
- Providing sport and recreation input into council strategic planning processes and other relevant council policies and procedures e.g. input into Asset Management Plan, developing the Goolwa Pump Track and skatepark community activations/workshops, preliminary planning for the development of a Mountain Bike and Trails Strategy for CVH in 2020/21 etc.
- Facilitating communication with sports clubs, associations, funding bodies, state and federal government with regard to specific council projects e.g. preparation of 2019/20 State Bicycle Fund application for City of Victor Harbor and application to ORSR Planning and Research Grant, Woodchester Tennis Club Surface Upgrade etc.
- Working collaboratively with associated Council departments on community development projects that include sport and recreation as a component e.g. Goolwa Sports Precinct, Southern Fleurieu Regional Sports and Recreation Precinct Feasibility and Preliminary Design, Strathalbyn Netball Court upgrade, updating database of Councils sport and recreation infrastructure as part of State Infrastructure Plan and community research etc.

Challenges associated working across the region:

- Inter-departmental projects and staff, knowledge and utilisation of STARCLUB Field Officer role.
- Limited sport and recreation budgets to service community sport and recreation
- Servicing Kangaroo Island with limited face-to-face contact with clubs.
- Prioritisation of sport and recreation projects and competing demands by clubs.
- Prioritisation of sport and recreation projects and competing demands by Councils.
- Smaller councils with large number of sporting clubs to service.
- Changing management/department structures/personnel/roles within partner Councils
- In 2019/20 and into 2020/21 both major partner Councils (Alexandrina Council and City of Victor Harbor) have undertaken a restructure process which will affect where the SFO Program sits in organisational structure. SFO has moved department in City of Victor Harbor to sit with Environment and Infrastructure within Property, Environment and Recreation portfolio, and remains in the Community Wellbeing Team at Alexandrina Council.
- Alexandrina Community Wellbeing Team restructuring review resulted in its withdrawal from the Fleurieu Regional Services Advisory Committee. This committee has been a key reporting structure for the STARCLUB Field officer Program back to partner Councils. Alexandrina Council reviewing involvement in regional programs including STARCLUB Field Officer program beyond 2021.

Councils involved in the Fleurieu/KI SFO Program have been supportive of the Program and highly value the partnership with the ORSR. The SFO role provides an excellent, cost effective way for partner Councils to support clubs and associations across the region who are integral to the wellbeing, health and connection of communities. Management of the Program, through the SFO Reference Committee and Fleurieu Region Community Services Advisory Committee (and individual staff management at Council and ORSR), has ensured that the SFO is positioned well to respond to a range of sport and recreation enquiries and deliver outcomes for Councils, clubs, regional associations, State Sporting Organisations and the Office for Recreation Sport and Racing. Looking ahead to the future, changing priorities of some partner Council’s in the program and the way in which they wish to service the sport and recreation sector will need to be planned for in partnership with the Office for Recreation Sport and Racing. As a result, there may be changes to the Southern Fleurieu and Kangaroo Island consortium beyond June.
2021. This could present an opportunity to review the program and effectively partner with the Office for Recreation, Sport and Racing’s/State Government to deliver components of the Game On Strategy. It is anticipated future grant funding opportunities will be available to pursue these options.

- Strategies implemented to encourage sport and recreation organisations to access Play by the Rules Training.
  - PBTR’s training promoted through workshops in particular Child Safe Officer Courses
  - PBTR’s website promoted during individual club meetings – demonstration of website and resources available.
  - A-frame signage provided for clubs and associations.
  - Clubs provided with hard copy resources including PBTR posters for clubrooms, notice boards etc.
  - PBTR link used and promoted in STARCLUB Field Officer emails

- Partnerships with other government and non-government programs to support club development.
  - Sport SA – new partnership in relation to delivery of club training.
  - Good Sports
  - Sports Medicine Australia – SA – accessible training/workshop options for clubs and associations
  - Heart Foundation – Heart Foundation Walking Program and Healthy By Design.
  - Inclusive Sport SA
  - Tennis SA
  - HeatSafe KI
  - Sports Community
  - SACCA
  - SANFL
  - Netball SA – facilities review
  - DEW/SA Water – Future mountain biking opportunities in the region.

- Achievements against your Operational Plan and SFO Strategic Plan.
  - The Victor Harbor Times running of STARCLUB Field Officer articles – re promotion.
  - Successful funding application to the Office for Recreation Sport and Racing’s Planning and Research Program $25,000 for Feasibility Study and Preliminary Design of Regional Sports and Recreation Precinct.
  - Establishment of Fleurieu/KI STARCLUB Field Officer facebook page.
  - Yankalilla Memorial Oval Masterplan – support committee/community engagement workshop
  - Goolwa Pump Track Opening – successful event coordinated by STARCLUB Field Officer.
  - Strathalbyn Skate Park, Goolwa Skate Park and Mount Compass Recreation Park Activations/school holiday clinics – 3x successful events coordinated by STARCLUB Field Officer Jan/Feb 2020.
  - Goolwa Sports Precinct – SFO participated on steering committee and supported targeted community consultation with key sporting clubs, particularly in relation to individual club feedback.
  - SFO managed and coordinated the Encounter Bay Future Recreation, Sport and Infrastructure Working Group for City of Victor Harbor – a key reference group for developing the Southern Fleurieu Regional Sports Precinct Feasibility Study and Preliminary Design.
  - 2 new Recognised STARCLUBs – Great Southern Swimming Club and Port Elliot Cricket Club.
  - 5 part regional sporting club webinar series in partnership with other Field Officer regions and Sports Community delivered in June 2020.

- Three key things you’ve learned over the last year and what you would do differently moving forward

  Similar to previous years the Fleurieu/KI region the Program has been effective and has been a part of many successful projects and initiatives through varying degrees of involvement.
1. The SFO's function as a regional networking, facilitating, and linking position should be maintained and continue to keep a regional lens, as opposed to a role that services partner Councils individually. This can be achieved through the maintenance of the Regional Reference Group/Steering Committee. It is important to continually demonstrate value of program to program partners. Don't assume knowledge of program.

2. Integrate SFO role into key departments in Council, particularly through Alexandrina Council and City of Victor Harbor as both Councils undertake a restructure process. Ensure feedback from SFO is provided during this process and incorporated into future considerations regarding servicing/supporting community recreation and sport.

4. Use of technology can be powerful and efficient to deliver outcomes for sporting clubs, however face to face and on the ground approach is still important for building rapport and relationships with clubs. In the future, online webinars and training could do some of the "heavy lifting" in terms of club volunteer training. This can allow volunteers to access training from the comfort of home and cost effective option for delivery. The SFO can then prioritise time to meet with clubs and follow up topics/areas requiring assistance in hands on capacity with club volunteers.

5. Continue to improve record keeping consistent with Council synergy soft requirements.

6.3 Aged Care Quality Audit of CHSP funded services at the City of Victor Harbor

Committee  Fleurieu Region Community Services Advisory Committee

Meeting Held  11/08/2020

From  Helen Deguet

File Reference  GOV9.14.021

RECOMMENDATION

That the Fleurieu Region Community Services Advisory Committee accept the report about the forthcoming aged care quality audit of Commonwealth Home Support Program funded services at the City of Victor Harbor.

INFORMATION

Purpose

The purpose of this report is to inform the committee about the forthcoming audit of Commonwealth Home Support Program (CHSP) funded programs; Caring Neighbourhood Program (CNP) and the Southern Communities Transport Scheme (SCOTS).

Background

The new Aged Care Quality Standards were introduced Australia wide in July 2019. These standards govern all aged care providers (both residential and community) to ensure good health, safety and wellbeing outcomes for all consumers. CNP and SCOTS standards, policies and systems were updated in compliance with the new standards.

The previous audit by the Aged Care Quality and Safety Commission was conducted in August 2017.

Commentary

Helen Deguet, Coordinator of the Caring Neighbourhood Program, will be in attendance to provide further explanation about the standards. Helen will explain more about Standard 8 which looks at organisational governance and how this impacts the role of the Committee. Attachment A shows a visual representation of the Aged Care Quality Standards. A date for the audit has not yet been given yet but is expected to be within the next 6 months.

RISK ASSESSMENT

The following risks have been assessed in line with Council’s Risk Management Framework and Policy.
Information – No risks have been assessed in relation to the report as it has been provided for information only and no formal decision of Council is required.

6.4 Terms of Reference of the Fleurieu Region Community Services Advisory Committee

Committee  Fleurieu Region Community Services Advisory Committee
Meeting Held  11/08/2020
From  Leann Symonds
File Reference  GOV9.14.021

RECOMMENDATION

That the Committee endorse the updated Terms of Reference for the Fleurieu Region Community Services Advisory Committee and recommend the endorsement of the updated Terms of Reference at the next Council meeting.

INFORMATION

Purpose

The Terms of Reference for the Fleurieu Region Community Services Advisory Committee has been updated to reflect the withdrawal of membership from Alexandrina Council.

Background

The Fleurieu Region Community Services Advisory Committee is constituted by the City of Victor Harbor pursuant to the provisions of Section 41 of the Local Government Act. The Committee was approved as a Section 41 Committee in June 2006.

The Committee is established for the purpose of assisting to improve the quality of life, independence, and well-being of communities by supporting a regional approach between the City of Victor Harbor and the District Council of Yankalilla (referred to as “the Councils”) for the planning, development, and co-ordination of community services that respond to current and emerging regional community service needs, and local needs of regional significance.

A Draft Memorandum of Understanding between the City of Victor Harbor and the District Council of Yankalilla was developed and authorised for signing by the Chief Executive Officer in June 2020.

Commentary

Members of the Committee should endorse the updated Terms of Reference which is included as Attachment A. Tracked changes have been used to show changes. Once endorsed, the Terms of Reference will be recommended for endorsement at the next Council meeting.

Committee Fleurieu Region Community Services Advisory Committee

Meeting Held 11/08/2020

From Leann Symonds

File Reference GOV9.14.021

RECOMMENDATION

That the update report on key priority areas for the Country SA Public Health Network, including information on services and activities in the Fleurieu region be received.

INFORMATION

Purpose

The purpose of this report is to provide an update on key priority areas for the Country SA Primary Health Network, including information on services and activities in the Fleurieu region.

Background

The Country SA Primary Health Network (PHN) is the primary health network covering the country regions of South Australia. PHN’s are operating Australia-wide. The key objectives of the PHNs are to increase the efficiency and effectiveness of medical services, particularly for those at risk of poor health outcomes, and to improve the coordination of care. PHN’s aim to achieve this through:

- Population health planning (needs assessments/data analysis) including service gap identification
- Health care commissioning particularly for vulnerable populations
- Practice support services so that GPs are better placed to provide care to patients and avoid hospital
- Supporting general practices with safety and quality
- Assisting general practices with eHealth

Commentary

Brenton Chappell, Manager Community Collaborations, Country SA Primary Health Network will report on key priority areas for the Country SA Primary Health Network, including information on services and activities in the Fleurieu region.

RISK ASSESSMENT

Information - No risks have been assessed in relation to the report as it has been provided
for information only and no formal decision of the Committee is required.
