Disability Access Action Plan

For

CITY OF VICTOR HARBOR

Victor Harbor Achieving Access

Introduction

The City of Victor Harbor has requested development of this Action Plan in response to requirements of the Disability Discrimination Act (DDA) 1992. The Act is based on the premise that people with disabilities have the same rights as any other members of the community, including the right to engage in all aspects of community life, and equitable access to goods, services and facilities.

Details relating to Council's obligations under the Disability Discrimination Act 1992 will be found in the Report of the Access Project: (Jardine and Ashton, September 1999) which also details the process used to gather information necessary for development of this Access Action Plan.

This Action Plan was developed through a process of consultation and review. Submissions were sought from members of the public through publication of a discussion paper. This appeared both in Council's newsletter, which is distributed, to all households in the area, health and aged care facilities, and the Victor Harbor *Times* newspaper. A public meeting was held with opportunity for input through focus groups, and an access audit was carried out of some 26 Council-owned facilities and buildings, as selected by Council, and streetscapes.

In addition to the above measures, all staff members were surveyed by questionnaire, views were sought from senior staff and Council members and relevant documented policies were reviewed for possible discriminatory measures.

Senior Council staff and the Access Steering Committee reviewed and commented on the Access Report. This Plan's content is developed from either recommendations of the report or based on the audit of selected facilities.

Exceptions to this are two items required under Section 61 of the DDA; those on broadcasting or advertising details of the Plan, and evaluation of the Plan.

Some Staff members had reservations about aspects of the Action Plan contravening existing by-laws. It is important to note that where Council by-laws discriminate against people with disabilities, ie, preclude equitable access, Council is vulnerable to formal complaints (see 1.8, P10).

Up to 15 years has been allowed to carry out some capital-intensive aspects of the Action Plan. The evaluation section of the Plan recommends, however, that implementation progress be reviewed biennially, and the entire plan be extensively reviewed at each five-year milestone. Systematic implementation of the Plan will help reduce the chances of a successful formal complaint being made.

The Plan is set out in tabular form and specifies barriers/issues, goals to redress them, strategies to achieve them and performance indicators. Responsibility for achievement, resources necessary and timeframe for implementation are also addressed.

Issues in the Plan have been set out according to the Section/Department responsible for carrying the associated tasks, apart from those of monitoring and evaluating progress of implementation, which are accorded to the Executive Group.

Demographic data

Over 22% of the South Australian population consists of people with disabilities (ABS 1998). In addition, South Australia has the highest proportion of elderly people in Australia. This fact is particularly significant, given that population fertility rates are declining, meaning that there will be fewer young people in the near future.

Victor Harbor's population is the oldest in Australia, with almost 30% of people aged over 65, and less than 20% under 15 years.

There is a strong positive correlation between disability and aging. Statistically, the incidence of disability in the 0–4 years age group is 4 %, that in the 60 –64 years 40%, and over 85 years, 80%. The population of Victor Harbor is predicted to double by 2011, with a corresponding increase in numbers of elderly people.

People with disabilities will be increasingly amongst those requiring the services of local government agencies, and attending cultural, sporting and recreational events. Access issues are particularly important in the Victor Harbor area, since it is a popular seasonal tourist destination for many people of all ages.

Consistency with the City's Corporate Plan (1997)

The Council aims to:

Identify, achieve, monitor and maintain a quality of life valued by all residents of the District Council of Victor Harbor and to encourage the tourist and visitor potential of the area."

This Access Action Plan is fully consistent with the goals of Council's Corporate Plan, which include:

- *Adopt sustainable development action plans in partnership with the community that reflect the community's aspirations for continued social, environmental and economic wellbeing of the community.*
- *Provide quality services and facilities to the community and visitors to Victor Harbor.*
- *Provide professional planning and engineering services.*
- *Provide quality leisure and recreational facilities and services.*
- *Provide for the future economic development of the Council area.*
- *Foster community development.*
- *Ensure adequate consultation and communication with the community.*

Communication of the Action Plan

The Action Plan is intended to be used as a reference guide. It is not assumed that everyone will read it in its entirety. While the Chief Executive Officer has major carriage of the Action Plan, it will be the responsibility of sectional Directors to inform their staff about sections of the plan that are of particular relevance to their area, and ensure implementation, as well as procedures for evaluation and monitoring. It is important that Council staff and elected members and, as far as possible, the community, are aware of the existence and purpose of the Action Plan.

The Plan will be integrated into the day to day business of each section of Council, and will be referred to in sectional strategic plans. The Plan will be promoted in the following ways:

- The CEO will present a copy of the draft Plan to Council for endorsement. Once this has been gained, the Plan will be bound in handbook form and distributed.
- A copy will be forwarded to HREOC for registration.
- Each staff member will receive a copy of the Plan with a cover note explaining its significance.
- Each new staff member will receive a copy of the plan as part of his or her induction process.
- Each Director will be responsible for explaining to his/her team(s) the details of how the Plan will be implemented and monitored, and ensuring each staff member understands their responsibility to address access issues in the course of their work.
- Council policy documents will incorporate reference to access issues and take into account the needs of people with disabilities.

- Articles about the Plan, including its timeframe and implementation, will be placed in Council's Newsletter, and *The Times* newspaper.
- A summary of the plan will be placed on Council's Internet page when established, the *Common Ground* electronic Bulletin Board at the Disability Information and Resource Centre, Adelaide, and displayed in the Council foyer.
- As the Plan is periodically reviewed, updates will be distributed to staff and elected members, and appear in the external channels listed above.

Physical Access Notes

An access audit was carried out of 26 selected sites, including streetscapes (See section 11, Access Report). The report details where facilities audited are inconsistent with requirements of the DDA.

The DDA is not specific in its requirements for access. While DDA Standards have been developed and adopted in some access areas, this has not yet occurred in relation the built environment. Although work is proceeding along these lines, there can be as yet no certainty about the level of access legally required.

The *Advisory Notes on Access to Premises* developed by the Disability Discrimination Commissioner "are not regulations or 'deemed to satisfy' building requirements". They offer advice about what level of access may reduce the chances of a successful complaint being made. They provide a checklist of all the issues the Commissioner believes should be considered when designing premises to ensure access for people with disabilities. The Notes also provide a number of factors to help better understanding of design options in trying to achieve equitable access to and use of premises.

Neither the proposed new BCA nor [the] advisory notes represent the final word in the debate about access. All that can be said is that the better the level of access provided the less likely it is that premises will be the subject of complaints (HREOC 1998).

Similarly, while implementation of this Action Plan will help reduce the likelihood of a successful formal complaint being made under the DDA, it cannot guarantee compliance.

Cross-reference to the Access Project Report

The following section links Plan 'issues' with recommendations of the Access Project Report. Some issues listed in the Action Plan did not arise in the context of the Report, but needed to be included in the Plan. These are indicated below as 'additional'.

The section of the Action Plan dealing with implementation, monitoring and review of the Plan is a specific requirement under the DDA, and was not addressed in the Access Report.

The last section of the Plan, broadcasting, or communication, of the Action Plan both within Council, and to the wider community, is also mandatory under the Act. Recommendations dealing with this will be found in the section *Communication of the Action Plan* (p 36 above).

CITY OF VICTOR HARBOR DISABILITY ACCESS ACTION PLAN

1 Corporate Services

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
1.1	Provision for Access Plan capital expenditure not included in Council's overall planning process.	To ensure effective implementation of the Access Action Plan.	Link this Action Plan to Council's Strategic Plan, and make provision for annual and triennial budgetary allocations where necessary to achieve accessibility.	Council's overall planning process includes provision for Access Plan capital expenditure	Chief Executive Officer.	Staff time	By June 2001
1.2	Wording of Corporate Plan.	To achieve organisational policy and planning consistent with requirements of the DDA.	Amend wording of Corporate Plan according to Recommendation 2 of the Access Project Report (P18).	Council planning processes are inclusive of the needs of people with disabilities.	Chief Executive Officer.	Staff time	By October 2000
1.3	Limited access to Council premises	To achieve maximum access to Council premises for elected members, members of the public, and Council staff.	Budget to begin to make provision for accessible Council Offices and Council Chamber. Continue to work towards achieving accessibility.	People with disabilities and the elderly are able to easily access Council Offices and the Council Chamber. A person with any disability could work in any Council premises	Chief Executive Officer.	Staff time/ Capital funding	Immediate and ongoing 2010

1 Corporate Services (cont)

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
1.3	Limited access to Council premises (cont)	To achieve maximum access to Council premises for community members	Consider options for new accessible library premises. Provide new premises or alternatively, upgrade as necessary to achieve accessibility (See Access Audit Report).	People with disabilities and the elderly are able to easily access, and use facilities of, the Library.	Chief Executive Officer.	Capital funding	By June 2001 By end 2009
1.4	Limited access to Customer Service Centre	Ease of access by people with disabilities to customer service facilities.	In the short term, demolish and rebuild present access ramp to AS1428.2 specifications. Install automatic entry doors. Lower section of service counter to allow access by wheelchair users. Give consideration to any necessary security features, eg, glass screen.	People with disabilities are able to access Council's customer services independently.	Chief Executive Officer.	Capital funding	By end 2001

Victor Harbor Achieving Access: Disability Access Action Plan

1 Corporate Services (cont)

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
1.5	Lack of public awareness of need for new/upgraded Council premises.	Community support for new/upgraded Council premises	Plan and implement a community and business education campaign about community benefits of new accessible Council premises.	There are minimal complaints concerning proposed new Council premises.	Chief Executive Officer/ Director, Planning and Community Services	Staff time/ operating budget/ production resources	Consistent with timing for accessible Premises
1.6	Limited access to Council-owned properties (see audit report and notes).	To achieve maximum access for community members to Council owned and operated premises	Refer to the Access Audit report to determine where access problems exist. Refer to AS1428.2 to rectify inaccessibility, and to the prioritisation model (Section 9, Access Project Report) to determine priority for upgrading.	People with disabilities and the elderly are able to easily access, and use facilities of, Council owned and operated premises.	Chief Executive Officer.	Capital funding	Finish by end 2015

1 Corporate services (cont)

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
1.7	Incomplete audit of Council owned property (see audit report notes re training/ orientation of auditors).	To achieve maximum accessibility of all Council owned property.	Continue to audit all Council owned property, and facilities for which Council has responsibility for access. Include streetscapes. List facilities in order of priority for alterations. Include provision for accessibility adjustments in the Works program.	There is an audit report on all Council owned and managed facilities, listed in priority order. Upgrading of facilities is included in the works program. People with disabilities express satisfaction with access.	Chief Executive Officer.	Staff time	Finish by end 2002
1.8	Some By-laws inconsistent with requirements of the DDA.	To avoid discrimination.	By-law no 4 (garbage removal) may need amendment to include provision for people with disabilities unable to position garbage bins (see 5.11 below). By-law no 7 (Caravans etc) S3 (4) should include the words "and meet requirements of the DDA".	By-laws are amended as indicated.	Chief Executive Officer	Staff time	End 2000

1 Corporate services (cont)

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
1.9	Lack of consistent electronic communication system.	To improve communication between Council Sections. To ensure electronic access for people with disabilities. To improve communication with community members. To handle communication economically. To increase the tourist market.	Update the computer system for consistency across all Council activity areas. Allow Internet access to at least one computer in each section. Establish website and ensure accessibility to people with disabilities. Ensure regular updating of the Web-site, and checking e-mail on a daily basis. Publicly advertise the availability of electronic access.	Staff members express satisfaction with consistency and availability of electronic means of communication. Community members, including people with disabilities, state satisfaction with availability of Council electronic information. There is an increase in tourist access through the Internet.	Chief Executive Officer	Staff time, Capital funding	By end 2000 April 2001 Ongoing Ongoing

1 Corporate Services (Cont)

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
1.10	Council has no formal Access Policy.	Adoption of a formal Access Policy which is linked to, and informs, all other relevant policies.	Develop, adopt and implement a specific policy for access (See draft policy –Section 8 Access Report). Link the policy to all other relevant Council policies and adopt 'access' as a principle in development of new policies.	All Council policy is consistently inclusive in approach to disability issues.	Chief Executive Officer/ Director Planning and Community Services	Staff time/ Production resources	End 2000
		To provide an example of best practice for other organisations.	Advertise the existence of the Access Policy amongst community organisations and make copies available to them as part of a model of good practice.	Community organisations can express knowledge of Council's Access Policy	Chief Executive Officer/ Director, Planning and Community Services	Staff time/ Production resources.	End 2000

2 Finance and Administration (Human Resources)

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
2.1	Council's Human Resources documents do not refer to the DDA.	To ensure staff understanding of the term 'disability'.	Include in Council's EEO Policy the DDA definition of disability.	Relevant staff members can state their understanding of the legal meaning of 'disability'.	Director, Finance and Admin.	Staff time	By March 2001
2.2	There is no provision for eliminating disability discrimination from job selection.	To avoid discrimination and ensure conformity with the DDA.	Include in the <i>Human Resources Manual</i> : Role of the Selection Panel, and any associated documentation eg. forms for completion by a medical practitioner, the clause: (any decision to exclude a person with a disability on the grounds of a medical examination must be based on criteria which are job-related and consistent with business necessity).	Any person refused employment on grounds of their disability is refused solely because they are unable to carry out the inherent requirements of the job.	Director, Finance and Admin	Staff time	By March 2001

2 Finance and Administration (Human Resources) cont

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
2.3	<p>Employment Practices do not conform to requirements of the DDA.</p> <p>To facilitate employment of people with disabilities.</p> <p>To ensure effective customer service</p> <p>To avoid discrimination.</p>	<p>To ensure conformity with the DDA and avoid discrimination.</p> <p>Refer to the ALGA publication <i>Accessible workplaces: best practice Resources for the employment of people with disabilities in local government</i> in both developing policy and carrying out customer service training.</p> <p>Ensure all job and person specifications include, as essentials, only the actual <i>inherent requirements</i> of the job in question.</p>	<p>Use the <i>Employment Manual, developing best practice</i>, HREOC (1995a) to inform revision of the <i>Human Resources Manual</i>, and Council's general employment practices.</p>	<p>There are no complaints from people with disabilities about employment discrimination.</p> <p>Council employs suitably qualified people with disabilities.</p> <p>People with disabilities express satisfaction with Council's customer service.</p> <p>No extraneous factors are included in job and person specifications.</p>	<p>Director, Finance and Admin</p> <p>Director, Finance and Admin</p> <p>Director, Finance and Admin</p>	<p>Staff time</p> <p>Staff time</p> <p>Staff time</p>	<p>Start March 2001, Ongoing</p> <p>Start March 2001, Ongoing</p> <p>March 2001</p>

2 Finance and Administration (Human Resources) cont

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
2.4	Job and person specifications/ Responsibility for Action Plan implementation.	To ensure effective implementation of the Access Action Plan.	Ensure that all management position descriptions specify a requirement to implement the Access Action Plan. Ensure that all other position descriptions, where relevant, specify that employees are required to implement their Access Action Plan responsibilities.	Sections implement relevant areas of the Access Action Plan according to the specified timeframe.	Director, Finance and Admin	Staff time	By March 2001
2.5	Job and Person Specifications/ Limited staff knowledge of the DDA.	To demonstrate Council's commitment to equitable access. To serve as provisional protection in case of a complaint.	Include on all job and person specifications a requirement that the employee has an understanding of the DDA and its implications.	Staff members can state understanding of their obligations under the DDA.	Director, Finance and Admin	Staff time	By March 2001

2 Finance and Administration (Human Resources) cont

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
2.6	Limited staff and volunteer awareness of the DDA and disability issues.	To demonstrate Council's commitment to equitable access and ensure that people with disabilities receive appropriate customer service. To ensure compliance with the DDA.	Ensure that adequate and appropriate training in disability awareness is provided for staff and volunteers on a regular ongoing basis, administered and documented in the same way as OH&S training, and included in orientation of new staff. Ensure DDA briefing for elected members at regular intervals. Include in orientation of new members. Include training presentations by people with disabilities.	Staff members and volunteers express Knowledge and understanding of disability issues. Elected members state awareness of Council's responsibilities under the DDA.	Director, Finance and Admin	Staff time/ Training resources.	Start October 2000. Ongoing.
		To provide ease of access in the built environment. To minimise complaints.	Implement regular periodic training for field staff and their supervisors in disability awareness and the importance of adherence to Standards. Training should include disability simulation exercises and employ people with disabilities as trainers.	Field staff can state understanding of disability issues, and their work reflects this understanding.	Director, Finance and Admin/ Director, Technical Services Director, Planning and Community Services	Staff time/ training resources	Start March 2001, ongoing.

2 Finance and Administration (Human Resources) cont

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
2.7	Inadequate Occupational Health and Safety Policy.	To ensure safety of Council members, workers and members of the public.	Amend OH&S Policy to read: ensure that Council's premises are safe [with adequate provision for equitable access and egress of all persons.]	Council's OH&S Policy is amended as indicated.	Director, Finance and Admin	Staff time	By End 2000
2.8	Inequitable grievance procedure.	To ensure an inclusive grievance procedure	Include in Council's Grievance Procedure that a person may, if they wish, be accompanied by an advocate/support person of their choice at any grievance discussion or disciplinary procedure. Include 'home/personal conditions' as factors that may affect work performance,	Advocates/support persons are welcome and their participation encouraged. Workers' home/personal conditions are recognised as relevant factors.	Director, Finance and Admin Director, Finance and Admin	Staff time Staff time	By End 2000

2 Finance and Administration (Leasing of Council Property)

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
2.9	Leasing of Council Property	To protect Council and lessees from liability under the DDA.	<p>Provide lessees with information about their obligations under the DDA and relevant guidelines for increasing access.</p> <p>Encourage and assist lessees to develop and implement their own Access Action Plans.</p> <p>Make new or renewed leases conditional upon lessees having an appropriate Access Action Plan in place and being systematically implemented.</p> <p>Assist lessees to audit their facilities for access according to requirements of AS1428.2</p> <p>Ensure that any alterations and building work are carried out in accordance with provisions of the DDA.</p>	<p>Lessees are fully aware of their obligations under the DDA.</p> <p>Complaints about lack of access to lessees' premises are minimised.</p> <p>Lessees implement effective DDA Action Plans</p> <p>Audit reports exist for leased premises.</p> <p>Any alterations to Council owned facilities are consistent with requirements of the DDA</p>	<p>Director, Finance and Admin/ Director, Planning and Community Services</p> <p>Director, Finance and Admin</p> <p>Director, technical Services</p>	<p>Staff time/ Production resources</p> <p>Staff time.</p> <p>Staff time</p> <p>Staff time</p> <p>Staff time</p>	<p>By End 2000</p> <p>Start end 2000, ongoing</p> <p>Ongoing</p> <p>Ongoing</p> <p>Ongoing</p>

3 Community Services

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
3.1	Limited accessibility of Community Grants Scheme.	To ensure equity in access to the Community Grants scheme.	Include in the Guidelines, reference to availability of assistance if required, to complete the form. Include a statement that alternative formats are acceptable for people unable to complete the written form. Ensure an audio version of the guidelines is available on request.	People with disabilities state satisfaction with equity of access in applying for community grants.	Director, Planning and Community Services	Staff time	Before next call for applications
3.2	Lack of access information in tourist and community directories.	To provide readily accessible local information for residents and visitors. To ensure ease of use by people with disabilities.	Negotiate with <i>The Times</i> to produce one community information map/directory that includes in addition to general information, an indication of disability access to facilities, including toilets. Alternatively, investigate other means of producing a guide. Divide the community information map into separate area sections and make up in booklet form. Include information on disability access to facilities.	People with disabilities state satisfaction with equity of access to community map/information. See above.	Director, Planning and Community Services Director, Finance and Admin	Staff time/production resources	By June 2001 By June 2001

Victor Harbor Achieving Access: Disability Access Action Plan

3 Community Services (cont)

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
3.2	Lack of access information in tourist and community directories (cont).	To facilitate ease of use by people with disabilities.	Include a category heading of 'disability' in the list of contents under which services of specific interest to people with disabilities are listed.	People with disabilities and/or their associates state they can easily access relevant information.	Director, Finance and Admin	Staff time/ production resources	By June 2001
3.3	Lack of alternative information formats.	To ensure equitable access to information by people with disabilities.	Carry out an assessment of the need for alternative formats to meet both general information and library needs of people with disabilities and the elderly. Investigate means of providing any required equipment.	People with disabilities and the elderly state satisfaction with equitable access to information and library resources.	Director, Finance and Admin	Staff time	By June 2001 March 2001
3.4	Lack of specialised equipment in the library for use of people with disabilities	To ensure Independent and private access to information for people unable to access the written format.	Carry out a community survey to ascertain the level of need for special equipment and investigate means of obtaining necessary funding. Provide equipment as required.	There is a report on need for specialised equipment. Funding is obtained. There are no complaints from people with disabilities regarding access to information.	Director, Finance and Admin	Staff time	June 2001

Victor Harbor Achieving Access: Disability Access Action Plan

3 Community Services (cont)

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
3.5	Library volunteer program inconsistent with other Council programs.	Ensure effective running of the volunteer service.	Contact South Coast Volunteer Service for advice on running the program. See also 3.8 (below)	People with disabilities state satisfaction with library volunteer services.	Director, Finance and Admin	Staff time	By March 2001
3.6	Limited accessibility of community and public transport and infrastructure.	Community transport accessible to all users.	Short term: Fit low retractable step to present buses. Long term: Lease buses with both low steps and ramped access. Redesign and construct accessible bus stop according to relevant standards.	There are no complaints about lack of access to community transport.	Director, Finance and Admin Director Technical Services	Operating budget	By end 2000 When next new buses leased. End 2001
3.7	Lack of community knowledge of community transport options.	To increase public awareness of community transport options.	Regularly advertise throughout the region, details of availability of community transport facilities and options.	There are no complaints concerning lack of information about community transport.	Director, Planning and Community Services	Production costs	Immediate start, periodic ongoing

2 Community Services (cont)

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
3.8	Lack of consistency in Council provided or auspiced volunteer services.	Uniform guidelines for conditions of engagement and comparable practice across Council operations involving volunteers.	Determine a means of ensuring consistency across the various volunteer programs. Ensure that the <i>Caring Neighbourhood Volunteer Handbook</i> is adapted for use by, and distributed to, all volunteers associate with Council programs. Ensure that all relevant sections strictly adhere to Council's recently ratified Volunteer Policy.	Council programs involving volunteers operate on a consistent basis with uniform guidelines.	Director, Planning and Community Services	Staff time Production resources.	By March 2001
3.9	Lack of community awareness of disability issues.	To raise awareness in the local community. For Council to provide an example of good practice, and facilitate increased access for all.	Consult with service organisations in the area, to mount a local campaign ensuring promotion of disability awareness in the community. Involve an optimal number of community segments, including schools, service providers, businesses, service clubs and churches.	Community survey shows knowledge, understanding and acceptance of disability issues.	Director, Planning and Community Services	Staff time	By end 2001

3.10	<p>Limited knowledge by local business people about implications of the DDA, and advantages of providing access.</p> <p>Inaccessibility of many business premises.</p>	To achieve access for people with disabilities and the elderly to the majority of local businesses	<p>Consider implementing an annual Access Awards scheme and invite participation from local businesses.</p> <p>Investigate other means of encouraging local businesses to increase access provisions.</p> <p>Encourage local businesses to participate in disability awareness training.</p> <p>Disseminate information about market share advantages of increasing accessibility of premises and information to people with disabilities and the elderly.</p> <p>Examine ways of working with other agencies, eg, the SA Tourism Commission to increase local access.</p>	<p>Local business people state awareness of the need for inclusive access.</p> <p>300% increase in number of accessible businesses in CBD.</p> <p>Community survey reveals minimal complaints about access to business premises</p> <p>Additional resources to achieve access are available.</p>	Director, Planning and Community Services	Staff time, production costs	<p>Ongoing</p> <p>2010</p> <p>March 2001</p>

4 Planning and Building

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
4.1	Inadequate resources to carry out all required Planning and Building duties.	To ensure that site inspections are carried out. Protect Council from liability under the DDA.	Allocate appropriate resources. Work with staff members to ensure a balanced workload and ensure that site inspections are carried out in a timely and effective fashion.	Developments (new or refurbished) proposed for use by the public conform as far as possible with requirements of the DDA (See Introduction Access Audit Report).	Director, Planning and Community Services	Staff time	By end 2000, ongoing.
4.2	Development assessment does not always pay regard to DDA requirements.	To avoid discrimination and complaints.	Ensure that all development approvals are accompanied by advice about the developer's obligations under relevant legislation, including the DDA. See also 4.3 and 4.4 (below).	Developers and builders are aware of their obligations under the DDA.	Director, Planning and Community Services	Staff time	Immediate start, ongoing
4.3	Limited staff awareness of the DDA and HREOC requirements.	As above	Access HREOC Website (disability discrimination) on a regular basis. Ensure that relevant staff members acquaint themselves with the HREOC <i>Advisory Notes on Access to Premises</i> .	Staff members state knowledge of content of <i>Advisory Notes</i> and any updated regulatory material.	Director, Planning and Community Services	Staff time	Immediate start, ongoing

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
4.4	Lack of awareness by developers and builders of their obligations under the DDA.	To acquaint builders and developers with their obligations under the DDA.	Inform builders and developers on access issues. Update as developments occur in the relationship between the DDA and the BCA. Update as relevant Standards are developed/revised.	Builders and developers are aware of their obligations under the DDA.	Director, Planning and Community Services	Staff time	Immediate start, ongoing

5 Technical Services

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
5.1	Unsafe surface on Granite Island Causeway.	Ease of access for all to Granite Island.	Negotiate with Dept of Transport to make surface of Causeway safe.	There are no complaints regarding the Causeway surface.	Director, Technical Services/ Director Planning and Community Services	Staff time Capital funding	June 2001
5.2	Difficulties in accessing the Horse Tram.	Ease of access for all to the Horse Tram.	Investigate, and implement means of increasing access to the Horse Tram (see suggestions in Access Project Report P36).	100% increase in people with disabilities using the horse tram.	Director, Technical Services	Staff time, Capital funding	By 2002
5.3	Difficulties in accessing dedicated parking spaces.	Ease of parking for disability permit holders.	Maintain regular and consistent policing of dedicated spaces. Amend as necessary, and enforce compliance with, relevant legislation. Commit to policy of voluntary signage in accordance with Australian Standards in addition to pavement markings as required under legislation.	Greater community awareness of use of dedicated spaces	Director Planning and Community Services	Staff time	Immediate start, ongoing.

5 Technical Services

	Barriers and issues	Goals	Strategies to address	Performance indicators	Person(s) responsible	Resources	Timing
5.3	Difficulties in accessing dedicated parking spaces (continued).	Ease of parking for disability permit holders.	Provide ongoing community and education in regard to use of permits, including provision of relevant information with permit applications. Continue to encourage private carpark owners to allow Council to enforce dedicated parking spaces.	Greater community awareness of use of dedicated spaces	Director Planning and Community Services	Staff time	Immediate start, ongoing.
5.4	Insufficient numbers of dedicated parking spaces.	To ensure convenient parking for disability permit-holders.	Carry out consultation in regard parking needs for disability permit holders and examine means of providing additional dedicated parking spaces in Ocean Street, along the Esplanade and other sites as appropriate.	There are no complaints about lack of dedicated parking spaces in popular areas.	Director, Planning and Community Services Director Technical Services	Staff time	End 2000
5.5	Footpath encroachments.	To ensure a clear path of travel for all. To avoid discrimination and complaints.	Institute regular and consistent policing of footpath encroachments. Consider policy development in relation to footpath encroachments to ensure safe and appropriate access.	People with disabilities state satisfaction with clear paths of travel in CBD streets.	Director, Community Services and Environment/ Director, Technical Services	Staff time	Immediate start, ongoing. June 2001
